Constitution Capital Access Fund

Institutional-Quality
Private Equity Portfolio,
Through a Single Allocation

November 2022

Constitution Capital Access Fund (“CCAF” or the “Fund”) seeks to provide shareholders with access to a broad range of high-quality private market assets that are typically only available to large institutional investors.

ACCESS

Opportunity to invest in world class private equity assets traditionally limited to large institutional investors

PERFORMANCE

Potential for attractive, stable returns over the medium and long term with a meaningful allocation to co-investments

STRUCTURE

Specifically designed to reduce challenges of traditional private equity vehicles by offering lower investment thresholds, regular liquidity¹, and 1099 tax reporting

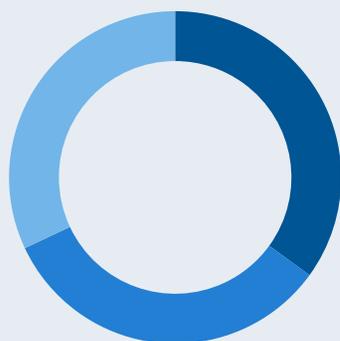

PROVEN STRATEGY

Leverages Constitution Capital’s established investment platform and distinct institutional relationships

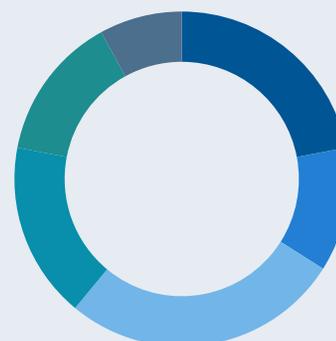

Single allocation exposure to a broad range of high-quality private market assets typically only available to large institutional investors – \$642mm of invested assets²

Note: Although the terms listed in this column are common for traditional private equity funds, the terms of many such funds may deviate, and in some cases materially, from these in one or more respects. Investment objectives, safety, guarantees or insurance, and potential fluctuation of principal or return may be generally consistent between fund structures. Fund fees and expenses may generally be higher in closed-end tender offer structures. See endnotes for further details.

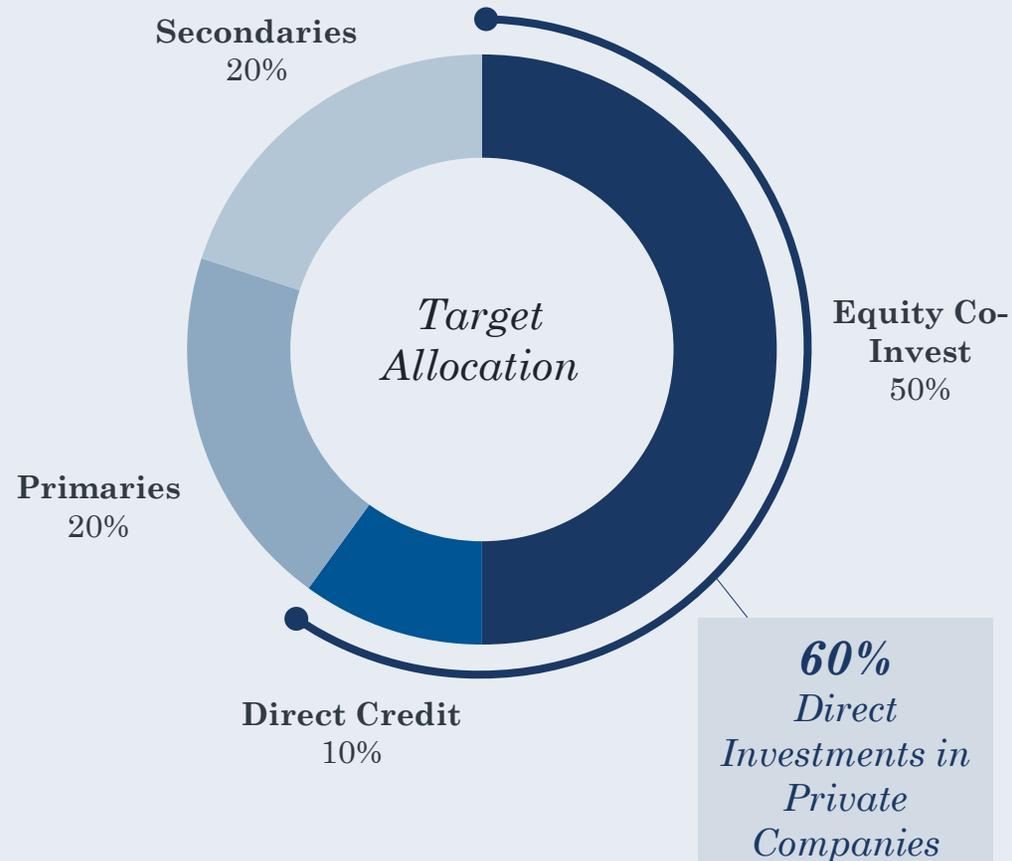

Portfolio Focus | Direct Investments in Private Companies

Majority of exposure is expected to be invested in **direct investments** (equity co-invest and direct credit), with meaningful allocation to primaries and secondaries⁸

RATIONALE

- **Fee Efficiency**
*Equity co-investments and direct credit investments are typically completed on a no fee, no carry basis**
- **Selective Execution**
Additional layer of vetting applied to direct investments that are within each lead sponsor's core area of expertise, potentially reducing risk
- **Capital Appreciation**
Capital is invested immediately on a direct basis, potentially reducing the J-Curve and providing the opportunity for earlier capital appreciation

Note: In private equity, the J-Curve represents the tendency of private equity funds to post negative returns in the initial years and then post increasing returns in later years when the investments mature. See endnotes for further details. *For Direct Investments (Equity Co-Invest and Direct Credit), CCAF fund level management fees and expenses still apply.

Important Information and Risks

Past performance is not a guarantee of future results. An investment in the Fund involves a high degree of risk and therefore should only be undertaken by qualified investors whose financial resources are sufficient to enable them to assume these risks and to bear the loss of all or part of their investment. The Fund and Constitution Capital do not guarantee any level of return or risk on investments and there can be no assurance that the Fund's investment objective will be achieved. An investment in the Fund should be considered illiquid. An investment in the Fund is not suitable for investors who need access to the money they invest. Although the Fund may offer to repurchase a limited amount of its shares via quarterly tender offers, the Fund's shares will not be redeemable, transferrable, or otherwise exchangeable at an investor's option. As a result, an investor may not be able to sell or otherwise liquidate its shares. There can be no assurance that the Fund will conduct tender offers in any particular period and investors may be unable to tender their shares for repurchase for an indefinite period of time. Additional Fund risks include, but are not limited to: the fund has no operating history, shares are subject to substantial restrictions on transferability and may not be transferred or resold except as summarized in the Prospectus and permitted under the Fund's agreement and declaration of trust, dependence on the Adviser and key personnel that could impact the Fund if changes occur, restrictions on transfers, non-diversification of investments, valuation risks, strategy-specific risks, and portfolio investment risks.

Investors should consider the investment objectives, risks, charges and expenses carefully before investing. For a prospectus or summary prospectus with this and other information about the Fund, please call (978) 749-9600. Read the prospectus or summary prospectus carefully before investing.

Endnotes

1. The Fund expects to offer investors limited quarterly liquidity through a tender offer process. Under normal market conditions, the Fund's investment adviser, Constitution Capital PM, L.P. (the "Adviser") expects to recommend that the Fund repurchase 5% of its outstanding shares of beneficial interest of the Fund ("Shares") at their net asset value (NAV). No assurance can be given that such tender offers will be approved by the Fund's Board of Trustees. If a tender offer is oversubscribed, investors may be subject to a pro rate reduction in the Shares ultimately repurchased by the Fund unless the Fund increases the size of the tender offer. All terms of each tender offer will be publicly disclosed.
2. Based on latest available information as of October 1, 2022, including pending commitments approved for execution and subject to final documentation. Excludes unfunded commitments.
3. Holdings are subject to change.
4. Although Constitution Capital Access Fund shares are 1933 Act-registered, Shares of the Fund are subject to significant transfer restrictions. In addition, no secondary market for such Shares is expected to exist.
5. Percentage may not total 100% due to rounding.
6. Vintage year refers to the year in which the first investment of a fund is made or the initial investment into a company is made. Equity Co-Invest refers to direct equity investments in private companies, made alongside a General Partner. Primaries refers to limited partnership interests in private equity funds with a vintage year of 2016 or later. Secondaries refers to limited partnership interests in private equity funds with a vintage year of 2015 or older.
7. Although the terms listed in this column are common for traditional private equity funds, the terms of many such funds may deviate, and in some cases materially, from these in one or more respects. Investment objectives, safety, guarantees or insurance, and potential fluctuation of principal or return are generally consistent between fund structures. Fund fees and expenses may generally be higher in a closed-end tender offer structure.
8. Based on CCAF's target fund composition as of October 2022. Actual fund allocation as of October 2022, as provided on page 3 of this presentation, is 35% Equity Co-Invest, 33% Primaries and 32% Secondaries. There can be no guarantee that the target fund composition will materialize, and it may be subject to change.
9. Data as of October 2022.
10. The Fund pays an Investment Management Fee equal to 1.50% on an annualized basis.
11. At the end of each calendar quarter (and at certain other times), the Adviser will be entitled to receive an amount (the "Incentive Fee") equal to 10% of the excess, if any, of (i) the net profits of the Fund for the relevant period over (ii) the then balance, if any, of the Loss Recovery Account. For the purposes of the Incentive Fee, the term "net profits" shall mean the amount by which the net asset value of the Fund on the last day of the relevant period exceeds the net asset value of the Fund as of the commencement of the same period, including any net change in unrealized appreciation or depreciation of investments and realized income and gains or losses and expenses (including offering and organizational expenses).
12. Although the Shares will be registered under the Securities Act, the Shares will be sold only to persons or entities that are both "accredited investors," as defined in Section 501(a) of Regulation D under the Securities Act, and "qualified clients," as defined in Rule 205-3 under the Advisers Act. The qualifications required to invest in the Fund will appear in subscription documents that must be completed by each prospective investor.
